Dear Christine

Thank you very much for your interest and involvement in the qualitative research phase of CoT research project. Your willingness to experience some of the challenges and nuances of in-field consumer research is evident and much appreciated.

We value your contribution and field notes which enable a much broader and deeper understanding of the issues underlying service perceptions in different CoT wards and regions.

Regards

Prof Pierre Joubert | **Behavioural and Communication Research Division | BMR | Unisa | 2712 429 8086 | 082 789 1405**
